Reset oil light on 2008 Volvo s80 - answers.com

Hello, My name is Andy and I am a Volvo dealership technician. I am going to try to help you with your question. There is no "reset procedure" for the immobilizer system. If the car isn't starting due to a problem with the key, start control unit, steering column lock, or central electronic module, a Volvo scanner is needed to check the system and determine what the problem is.

How do i reset the immobilizer in my volvo - ASAP

Get the PCV done, when you have the catch tank off the front of the engine connect a 5/8" hose to the lower port in the engine block where the PCV tank connects, secure it with a Jubilee clamp and try and blow through it, if you can't blow through it the oil return path is blocked and you need to get the crud out of the PCV drain port which is a cast channel within the engine block that ...
